STOCKS STILL ON TOBOCCANS.

They Continue to Wend Their Way Downward.

62,110 SHARES FOR \$13,862

Business Was Small and All Stocks Closed Lower Than Yesterday-Silver King at Eighty.

With stocks quoted at much lower figures than on yesterday, the session this morning of the mining exchange closed after transactions involving 62, 110 shares and \$13,862,50 had been recorded. Business was duller than on yesterday and stocks throughout the list were hammered to lower figures. Not one mining stock on the board escaped the bear operations and some closed at the lowest figures registered by them in a very long time. There seems to be no doubt among certain mining men that some stocks have about reached the limit, and that a re-action will soon set in. The daily market quotations are being followed,

so it is stated, with much interest, by a large per cent of the public of this city and state and with certain good stocks so low it will not be surprising if a large outside element soon gets in the market. Although the prices of metals, copper, lead and silver, are so low that some properties are seriously effected, every report with any degree of reliability attached to it, tends to show that the present low selling fig-tres are very temporary. The available supply of copper is rapidly disappearing and at lower than 10 cents a pound some producers will have to shut down. A shortage of copper will be the result and higher prices will neces-early obtain. As to lead, there is not much doubt that within a short time some more favorable arrangement will

more satisfactory. Trading this morning commenced with Ajax which took the toboggan at 29 and landed at 28% after having gone to 28. Carisa opened with sales at 36 and after selling as high as 381/2 closed a cent lower. Both stocks were several cents off from yesterday's figures. May Day was traded in at figures be-tween 44 and 45½ and Star Consolidated around 26 was traded in.

A sale of ten shares of Silver King

be made so that the situation will be

stock at \$80 was recorded and California was hammered from \$2 to 30 on sales aggregating 10,700 shares, Sales of Uncle Sam, Ben Butler and other stocks were made at figures low-er than on yesterday and the session closed with the following quotations

UTAH-WYOMING STRIKES OIL.

ters it at Sixty Feet.

DRILLED ONLY TWO DAYS.

Strike Was Quite Unexpected, as Com pany Had Just Installed a New 86,000 Brilling Outfit.

A telegram received from Fossil Wyoming, by G. L. Bemis, of the Utah-Wyoming Oll company, from his partner Mr. Virtue, states that on Tuesday a small flow of fine oil was encoutered sixty feet down from the point at which drilling was begun. The news was most gratifying and almost sensational as the company at an expense of \$6,000, finished putting in a drilling rig last week and only started operations on Monday. Mr. Hemis says that the oil is faultless for lubricating purposes and he has had extensive tests made with it.

From all indications another oil bearing sand will be encountered about 200 feet lower and between the five and six hundred foot levels the main oil pro-Queing sand is expected to be reached and a big flow struck.

CON. MERCUR DIVIDEND. Was Declared Today and is Payable February Sixth.

The Consolidated Mercur Mining company will, on February 6, distribute another dividend of \$125,000 to its stockholders. This will bring the total amount distributed within a year to 1000,000, A very nice record indeed.

It is rumored that Mr. John Dern and a Sait Lake-Boston crowd are af-ter the Capt. De Lamar holdings of 600,-600 shares of the company's stock. This umor has considerable foundation and it is not improbable that a deal will soon be consummated. Mr. Dern is now in New York conferring with Capt. De Lamar and whatever is accomplished will probably soon be known.

STAMPEDE IN MONTANA.

Rich Gold Finds in West End of Norwegian District.

Pony, Mont., Jan. 24,-Rich gold finds in the west end of the Norwegian dis-trict, about 25 miles from this place have started a stampede to the scene of the discovery. About 30 claims & ready have been located and the county is swarming with prospectors. Every piece of quartz found there will pan gold and numberless pieces are

found filled with the yellow metal It is stated that one man with a team and wagon can make \$25 a day picking up the rock found on the surface. The mother lead is reported to have been found and, it is said, by mining men, will undoubtedly lead to the development of another rich mine.

Thunder Mountain Road.

The contemplated Boise-Thunder Mountain road will in all probability be built. At a meeting of Boise business men on Wednesday evening much enthusiasm was displayed and a solicit ing committee of five was appointed to secure the necessary funds. During the evening one man, Emil Maxgut, the brewer, offered his check for \$1,000 towards the fund and several others expressed a willingness to chip in.

Sheba Incorporates.

The Sheba Mining company has filed its articles of incorporation with the county clerk. The company is capital-ized for \$150,000 in \$i shares and owns the Queen of Sheba, Lucy Clayton, Queen's Minister, North Side, Leo, Queen's Babe, Cleopatre, and Croesus claims, some mill sites and machinery in the Spring Creek district, Juab county. The officers are: E. F. Hull, president: E. A. Kelley, vice president; H. E. Rookledge, secretary and treas-

Mining Deed Filed.

Prove, Jan. 24.—A mining deed from George W. Riter et al to the Eureka Hill Mining company for the Wells placer claim containing eighty acres in rection 8, township 10 south, range 2 west, Salt Lake meridian, (Tintic mining district), consideration \$1, has been filed with the county recorder.

MINING NOTES.

Two cars of Uncle Sam (leasers) ore is ready for sampling today. The Conklin sampler was in receipt today of six cars of ore from Tintie. Isaac Guker, discoverer of the Great Northern mine in Oregon, is visiting in this city.

Superintendent C. E. Allen of the

Centennial Eureka is visiting the mine today. Two cars of Lower Mammoth ore arrived in the valley this morning and will be sampled today.

Fred G. Leonard left this morning for Park City to visit the zinc plant in which he is interested.

The Stockton Gold Mining and Mill-ing company will have a car of ore ready for marketing tomorrow, H. V. Croll, local manager of the

Allis-Chalmers company, has returned from a two weeks' trip to Chicago. Ore and bullion settlements in this city vesterday amounted to \$67,000; T. R. Jones & Co., \$35,500, McCornick &

Superintendent John Tucker, of the Germania smelter, came up yesterday afternoon from the plant to confer with the management.

The Taylor and Brunton sampler was in receipt today of two cars of ore from Bingham, eight from Ophir Hill, and one from Stockton.

Settlement was made today for the six cars of Yankee ore that arrived yes-terday. About \$6,000 will probably be

handed over for the shipment, Walter W. Wishon, the well known engineer and superlatendent of the Speculator mine, at Butte, arrived in Salt Lake on a visit last evening.

In Boston, United States mining stock was quoted at \$14 per share, Bingham at \$21.50 and Utah at \$22.62½. In New York \$1.50 was offered for Horn Silver

and \$7.75 for Ontario. The Rocky Mountain Bell Telephone company has contracted with P. A. H. Franklin's Black Bird company for elephone connections with the Coppe Juleh property, and also with the bli Bird company for connections with th lopper King. The copper wire for th Salt Lake-Logan extensions and the new work south of this city is beginning to arrive, and will be strung as soon as possible.

BULL INFLUENCE DID NOT COUNT.

Fossil, Wyoming Company Encoun- Attempt of that Fraternity to Infuse | It All Hinges on Application of the Interest Was Failure.

TRADING BECAME STAGNANT

When Attempt to Realize was Made Price Changes in Active Dealings Were Insignificant.

New York, Jan. 24.—Price changes in the opening dealings were of little signiticance and exceeded a half only it a few cases. Buil manipulation o prominent specialties was again as serted to infuse interest to the market but there was little response in the rallroads. Metropolitan Street Rallway, Manhattan, Sugar, Amalgamated Copper and People's Gas advanced to 1%. Trading became almost stagnant on attempt to realize. The small demand forced some considerable concessions. Large blocks of copper were taken around 72 and a later rise in Sugar to 127% caused a steadier tone elsewhere. Distilling preferred and Pacific Coast second preferred gained

The market was very dull but prices drooped generally to below last night The re-action ran to 161% for Sugar, Metropolitan Street Rallway, Missouri Pacific Union Pacific and St. Paul and carried Reading a point under last night, the second preferred 1% and Lackawanna, 2½.

CENSUS BILL.

Civil Service Law.

FATE OF THE

PROBABLY BE A COMPROMISE

Uncle Joe" Cannon Brings Forward Another of His "Colts"- A Novel Bill.

Special Correspondence.

Washington, Jan. 18 .- The action of the House on the census bill shows the temper of that body regarding the civil service law. A majority is clearly opposed to the law, and if it could repeal it outright it would do so-that is, if it could without going on record. At least a third would be willing to go on record for the repeal. A majority would be willing to greatly modify the law if there was any way of bringing about such a result. In the last Congress a few Republicans and nearly all the Democrats were for repeal. About onehalf the Republicans wanted modifica-tion, and perhaps a third wanted to extend the system. Nothing was done then, and nothing will be done now Anything save in the direction of ex-tending the law would not be approved by the President; in fact, I do not be lieve he will approve a bill for a per manent census bureau that brings al the present clerks under the civil ser the present clerks under the civil service protection. Congress in providing for the census left the appointments outside the civil service, and political influence first and a rather rigid examination afterward governed in making the selections. The temporary war department force provided for at the beginning of the Spanish war and still on the rolls was selected in the same way. The president, it is understood, is willing a service, but balks at the ing Associated be placed in the classifier of all service, but balks at the central arce. The outcome will probably be a compromise bill, the Senate

diminating the actual declaration of the House, but leaving the matter so that the census clerks may later be

ONE OF "UNCLE JOE'S" COLTS. That is the term applied to Repre-sentative Burkett of Nebraska, who is a new member of the committee on an a new member of the committee on appropriations, of which Joseph G. Cannon is chairman. Burkett was put forward by the wilv Cannon to make a fight on the permanent census bill which Representative Hopkins of Illinois had in charge. It is said that "Uncile Joe" armed and equipped his protegy to make war on the convertible. tege to make war on the census bill. Certain it was he sat by and smilingly watched the young Nebraskan win his fight with Hopkins and force the re-committal of the bill. There is not the best feeling between Cannon and Hopkins. The latter by his candidacy for speaker three years ago put "Uncle Joe" out of the race by getting the in-dorsement of the Illinois delegation. But Cannon opposed the census bill on its merits rather than because he had any personal feeling against his league. This picking out b bright young men, getting them places on his ittee and putting them forward in some fight is one of Cannon's characteristics, and the young men are known for the time as "Uncle Joe's" colts.

RETURN OF MCCREARY. Governor McCreary, who is to succeed Senator Deboe from Kentucky, is well known in Washington. He was once chairman of the committee on foreign affairs and is well informed upon foreign relations. "Barundia"
was a nickname applied to him at one
time because of his championship of
the cause of a Niciraguan of that
name. He made several speeches in name. He made several speeches in the House on the subject. Barundia was a fugitive from one of the many governments that have held forth in Nicaragua. Escaping through Hondu-

ras, he boarded an American vessel This vessel touched at a port in Nica-ragua, and officers of that government sought to apprehend him. A naval of-fleer was appealed to, but, acting on the advice of a consul of the United States, would not interfere. Barundia refused to surrender and was killed like a rat in his cabin. Governor Creary in his fierce denunciation of the act made the names of both the consul and the naval officer a reproach, and both were officially censured for the act. When McCreary left Washington, he sald he would return as a sen-

FOR FIRE EXTINGUISHERS.

Senator Penrose, moved by the fact that in several railroad accidents trains have been burned, introduced a bill to compel every interstate passenger train to be equipped with portable chemical fire extinguishers. Every train must have one within a year and one added each year until every car is supplied. The bill was referred to the committee of commerce, of which Penrose is a member. Before it is considered, however, it is likely to be referred to the committee on interstate compierce, which deals with railroads, and of which Senator Elkins is chair-

THE NEW JERSEY SENATORSHIP Whenever there is a senatorial contest on in any state the people of Washington are very much interested. Those who became well acquainted with Attorney General Griggs, as well as those who know his ability, are very anxious that he should come to the Senate from New Jersey, O the Senate from New Jersey, Or course, any great state has abundant senatorial timber, but here, both in official and social life, Mr. Griggs is so well and favorably known that most people hope he will be given an oppor tunity for a career which the Senate offers to a man of brains and good

A Good Meal for 60 Cents.

It costs more to operate a dining-car than it does to run a res-taurant-and yet, in Burlington diners, prices are no higher than in a good restaurant, and not nearly as high as in an expensive

A good meal can be had for 60 cents, and an excellent one for half as much again. On the Burlington you can de-pend upon getting just what you want at a price you can afford to
